

# La Clinica de la Raza, Inc. WIC

---

Below are some pictures of our first World Breastfeeding Week events in Oakland at the La Clinica de la Raza, Inc. WIC sites. We held two half-day events, one at each of our two sites with community partners, pregnant and breastfeeding WIC mothers, and their children.

We had about 50 women participate and 6 community partners. We were able to connect the moms with services, provide games & prizes, and educate participants on how to continue their breastfeeding journey while returning to work and/or school. Enjoy the pictures!
